Call for Support in Fighting the CORONA VIRUS (COVID-19) in Ethiopia

Special Greetings as one world!

It is clear that the outbreak of corona virus (COVID-19) has posed a great challenge to the world. Thus, it is expected that the challenge will be much higher for countries like Ethiopia.

Ethiopia has already confirmed cases of COVID-19 since March 13, 2020 and the potential for expansion is already being experienced. The Ethiopian Government is trying to cope up with the challenges posed and has established a national committee to pull together resources from domestic and international sources.

It is clear that the pandemic consequence will badly affect the world economic situation, which will be more devastating for developing countries like Ethiopia. Ethiopia has more than 110 million populations. The economy is still depending on agriculture. Most of the infrastructures including the health system are not capable to manage and save lives or to give temporary relief for the forecasted pandemic infected. The government has put in place rules and regulations for prevention. Schools, offices, factories, regional borders, etc., are closed.

While understand the challenges that each country, organizations and individuals are currently faced with, the embassy of F.D.R. of Ethiopia in F.R. of Germany requests organizations, companies, Ethiopian friends and all other humanitarian individuals for financial, medical equipments and supplies support to help Ethiopia in the fight against CORON (COVID-19) virus and to save lives; as Ethiopia can't overcome this huge challenge alone without the help of international community. Thanking you in advance, we attached, herewith, the list of medical equipment and materials urgently needed.
