

develoPPP.de/ COVID-19 Response

Start of the new ideas competition

Companies can submit project ideas until 31 March 2021

With develoPPP.de the German Federal Ministry for Economic Cooperation and Development fosters the involvement of the private sector in areas **where business opportunities and development policy initiatives overlap**. In addition to projects within the [develoPPP.de CLASSIC](#) framework, the German Federal Ministry for Economic Cooperation and Development (BMZ) currently supports initiatives by privately owned companies that mitigate the economic as well as the health-related impact of the corona pandemic in developing or emerging countries through its [COVID-19 response special competition](#). GIZ implements the programme and the special competition as one of two implementing organisations on behalf of the BMZ.

Are you planning a project to mitigate the effects of the Corona pandemic in developing and emerging countries? Then please submit your project idea starting now until 31 March 2021 in the current COVID-19 Response special competition.

To clarify any questions early on and enable projects to start as quickly as possible, submissions are expressly encouraged before the application deadline. The incoming project proposals will be continuously reviewed and, if the decision is positive, further specified together with us.

Target group

Companies with developmental project ideas with Covid-19 relevance

Funding

Up to € 2 million, with the public share **not exceeding 50 per cent** of the total costs

Criteria

≥ 800.000 € annual turnover
≥ 8 employees
≥ 2 years of audited financial statements
