

## Invitation to the Webinar:

### Legal framework for the health sector in Russia

Dear Madam,  
Dear Sir,

GHA - German Health Alliance, Ost-Ausschuss der Deutschen Wirtschaft e.V. and Sapozhnikov & Partners / Rödl & Partner jointly invite you to the webinar: Legal framework for the health sector in Russia and the EEU on Tuesday, 23 January 2024, 10.00 to 11.00 (CET).

Although the sanctions have not directly affected supplies of medical equipment and medicines to Russia, they have triggered a number of procurement and logistics concerns.

Alexey Fedoryaka (Sapozhnikov & Partners / Rödl & Partner) will speak on the topic “The Russian healthcare sector: A legal update” about how the Russian pharmaceutical industry is coping with the sanction challenges, the current requirements for the importation of medicines and medical devices, the specifics of circulation thereof in Russia (production, quality confirmation, registration, procurements). Frank Spillner from G. Heinemann Medizintechnik GmbH will report firsthand experiences from Russia.

#### Agenda

10:00 **Welcoming speech and economic policy framework conditions**

10:10 **The Russian healthcare sector under sanctions: A legal update**

- *Legal specifics of importing pharmaceutical and medical products in current conditions*
- *Statutory marking requirements*
- *Localisation of production operations*

Alexey Fedoryaka, *Head of Civil Law and Litigation, Associate Partner,*  
Sapozhnikov & Partners / Rödl & Partner

10:30 **Company report on the current situation in Russia**
