

Roundtable on German-Egyptian Health Cooperation with H.E. Prof. Dr. Khaled Abdel Ghaffar Deputy Prime Minister and Minister of Health and Population

13 October | 15:30 – 17:00h
Venue: Room 1002/1006 (1st floor) | Haus der Deutschen Wirtschaft
Breite Straße 29 | 10178 Berlin

Meeting of the Working Group Health in MENA & Africa

[Registration](#)

The health sector in Egypt is undergoing efforts to modernize and expand, focusing on improving access to healthcare, strengthening hospitals, and enhancing medical training. Despite challenges such as shortages of medical staff and equipment, Egypt is increasingly engaging in international cooperation to further develop its healthcare system. Partnerships with countries like Germany aim to support public health programs, digital health initiatives, and capacity-building projects.

This roundtable provides an opportunity to exchange knowledge, discuss strategies for collaboration, and explore ways to support Egypt's efforts in creating a more resilient and accessible healthcare system. After the recent GHA delegation trip to Egypt, we are especially pleased to now welcome the Egyptian side here in Berlin.

Moderator:

Dina Waked, GHA – Representative Egypt; Founder & Managing Director, Incrementum gp
