

We are looking for a motivated and dedicated member of staff to support our team.

# University Assistant (Postdoc)

Institute for Diversity in Medicine  
40 hours/week,  
with immediate effect, contract duration: 4 years

---

## Your area of responsibility

Sex/Gender and Diversity-sensitive Medicine contributes to better health outcomes and thus to improving the health of the population worldwide. The Institute for Diversity in Medicine intends to contribute to these goals and thus to the sustainable development goals of the United Nations, in particular to Sustainable Development Goal (SDG) 3 "Good health and well-being" and SDG 5 "Gender equality". Both goals are closely interlinked: Improving equal opportunities leads to better health worldwide. You will be involved in different research projects of the institute as well as teaching and be given the opportunity to develop your own research focus.

## Your tasks include

- Research, teaching and administration

## We are looking forward to

- A doctoral degree / PhD in Medical Studies, Health Sciences, Public Health, Global Health, International Health, Disability Studies, Gender Studies, Therapeutic Sciences, Nursing Sciences or Midwifery Sciences
- Knowledge of sex/gender and further diversity aspects in medicine and health care
- Knowledge of empirical research methodologies (qualitative and/or quantitative research methods)
- Experience in planning, conducting and analyzing empirical studies
- Very good knowledge of statistics
- Peer-reviewed publications
- Teaching experience in academic institutions and knowledge of didactics in higher education
- Experience in acquiring third-party funding
- Interest in interprofessional and transdisciplinary cooperation and in global health issues
- A professional qualification in a health profession (medicine, physiotherapy, speech therapy, occupational therapy, midwifery, nursing) and experience working abroad is an advantage
- Ability to work in a team
- Good communication skills
- Very good knowledge of English, fluent in German
- Accurate and reliable way of working

## Our offer

For the intended job group B1, GH 3 the minimum salary according to the collective agreement is currently € 69.060,60 gross per year for a 40-hour week and may possibly increase on the basis of the collective agreement regulations through the recognition of job-specific previous experience and other salary components associated with the special features of the job.

Equal opportunities for all!

We offer our employees a fair working environment in which they can develop individually. We focus on diversity and equal opportunities, including by deliberately increasing the proportion of women in all professional groups, especially in management positions. We expressly encourage qualified women to apply. In order to support working parents, we offer flexible working time models and childcare facilities.
