📍 Pavilion 9, Expocenter of Ukraine  
1 Akademika Hlushkova Avenue  
Kyiv, Ukraine

# 02/03 SEP

**FROM RECOVERY TO SYSTEM TRANSFORMATION.  
A PLATFORM FOR THOSE SHAPING  
THE FUTURE OF HEALTHCARE SYSTEMS.**

Ukraine's healthcare transformation is one of the largest system-rebuilding efforts in Europe. ReHealth 2026 brings together decision-makers, investors, and international partners to shape the next phase — creating direct opportunities for policy alignment, market entry, and institutional cooperation.

## 2 DAYS

# Conference & Exhibition

# WHO THIS PLATFORM IS FOR

## Government Leaders

National ministries and regional decision-makers

## Embassies & Int'l Organizations

Development partners and diplomatic missions

## Healthcare Institutions

System leaders, hospitals, and networks

## Private Sector & Investors

Companies and investors in healthcare

## Innovators

Digital health, medtech, and solution providers

## Policy Experts

# KEY THEMATIC TRACKS & PANELS

## 1. Strategic Alignment & Government Priorities

*For embassies, ministries, and development agencies*

How national and regional governments are setting the healthcare reform agenda — and where international partners can align. Bilateral cooperation frameworks, donor coordination, and policy windows.

## 2. Investment & Market Opportunities

*For private sector and financial institutions*

Healthcare infrastructure as an investment frontier: modular hospitals, digital health, medical equipment, logistics. Procurement frameworks, PPP models, and grant co-financing mechanisms.

## 3. Regional Development & Decentralization

*For regional governments and implementation partners*

Hospital modernization at the regional level — where the bulk of implementation and procurement happens. Entry points for international companies and donors.

## 4. Innovation, Digital Health & Technology

*For tech companies, startups, and solution providers*

How telemedicine, AI diagnostics, VR rehabilitation, and modular solutions are being embedded at scale. Opportunities to pilot and expand in Ukraine's dynamic health market.

Conference & Exhibition

# KEY THEMATIC TRACKS & PANELS

## 5. Mental Health & Rehabilitation Infrastructure

*The fastest-growing priority in Ukrainian healthcare*

Investment cases, international standards, and partnership models for building long-term mental health and rehabilitation capacity. Positioning mental health and rehabilitation as essential components of modern healthcare systems. Trauma recovery, rehabilitation infrastructure, long-term care

## 6. Financing Architecture & Implementation

*For donors, funds, and financial institutions*

How healthcare initiatives are funded — EU instruments, World Bank, bilateral donors, private capital. Practical guidance on accessing and structuring support.

## 7. Healthcare in High-Risk and Crisis Contexts

Examining lessons from frontline and high-risk environments, including system coordination, emergency response, medical equipment for high-risk zones, evacuation routes, stabilization hospitals, etc. Sharing Ukrainian experience as a global model for healthcare resilience under pressure.
